# Become a member & earn *up to \$300!*

**Right now new members can earn up to \$300! Here's how:**

## **Step 1: Earn your first \$75**

Simply, open new chequing and savings accounts and set up a direct deposit and a pre-authorized bill payment.

## **Step 2: Earn an additional \$75**

In addition to step one, add a personal loan or investment account.

## **Step 3: Earn \$150 more!**

Last but not least, earn \$150 when you open or transfer a mortgage or investment account with a balance of at least \$5,000.

That's a total of \$300! Simply bring your voucher to any WCU branch to get started!

**Why?** We do everything a bank does, only better; if banks were coffee, we'd be the perfect blend! We offer a full line of competitively priced banking, lending, and investing services. The difference is: because we are member-owned, our products and pricing are designed for our members, not for profit. And when we make profits, we share those back with our members and our community.

We know, once you have a taste of the credit union difference, you won't go back, so this is just our little way of saying, "Come on, just give us a try!"
