3 - Let us take care of the rest:

- Expect us to call at time and day you specified. We will either take your automatic payment information over the phone or set up an appointment to meet in branch - whichever you prefer.
- We will coordinate the transfer of your pre-authorized payments and direct deposits; depending on the billing companies, it will take about four to six weeks.
- Once all payments have been transferred, we will send a request to close your old bank account and to transfer the balance to your new Credit Union account.
- We will follow up to let you know when everything we promised is completed.

We understand it takes a bit of effort to switch bank accounts so we really appreciate it. We promise it will be worth it!
