

FOR IMMEDIATE RELEASE

Weyburn Credit Union Donates \$500,000 to Support New Weyburn General Hospital

Weyburn, Saskatchewan – Weyburn Credit Union has announced a generous donation of **\$500,000** to the Weyburn & District Hospital Foundation in support of the new Weyburn General Hospital.

In recognition of the contribution, Weyburn Credit Union's commitment to community health and well-being will be recognized within the main lobby of the new hospital welcoming patients, families, and visitors for years to come.

The contribution reflects Weyburn Credit Union's commitment to reinvesting local success back into the communities it serves. It also represents years of thoughtful planning and stewardship by the Board of Directors, who set aside funds over time with the goal of making a meaningful impact when the right opportunity arose.

"This is more than a donation. It's an investment in the future of our community," said Matt Caudill, Board Chair of Weyburn Credit Union. "Every account opened, every mortgage funded, and every business supported helps create something bigger. This donation is possible because local people choose to do business with a local financial institution. We're proud to help build a hospital that will care for families across southeast Saskatchewan for generations. That's exactly the kind of impact we strive to make."

The donation will support the Foundation's fundraising efforts for the new hospital project, helping provide modern facilities, enhanced patient care spaces, and improved healthcare services for generations to come.

"This extraordinary donation represents more than financial support—it is an investment in the future health and well-being of our entire region," said Jeff Hayward, Board Chair of the Weyburn & District Hospital Foundation. "We are deeply grateful to Weyburn Credit Union for its generosity and commitment to helping us build a hospital that will serve our communities for decades to come."

The new Weyburn General Hospital project is expected to enhance healthcare delivery across southeast Saskatchewan, providing patients, families, and healthcare professionals with a modern environment designed to meet current and future healthcare needs.

Weyburn Credit Union's contribution joins the growing support from community members, businesses, and organizations who recognize the importance of investing in local healthcare infrastructure and equipment.

About Weyburn Credit Union

For more than 80 years, Weyburn Credit Union has been helping members build financial well-being while strengthening the communities they call home. As a member-owned financial cooperative, every decision is guided by a commitment to people over profits and long-term community success.

Serving southeast Saskatchewan, Weyburn Credit Union provides personal and business banking, lending, wealth management, and financial advice. Through community investment, local decision-making, and cooperative values, the credit union reinvests success where it matters most — creating opportunities, supporting local initiatives, and helping communities thrive for generations to come.

About the Weyburn & District Hospital Foundation

The Weyburn & District Hospital Foundation raises funds to support healthcare priorities and equipment needs in Weyburn and the surrounding area. Through partnerships with donors, businesses, and community organizations, the Foundation helps ensure residents have access to exceptional healthcare services close to home.
